Attached is the latest findings document that represents most recent edits from Alan and Jenny to their sections. Outstanding comments/issues to be addressed are highlighted so please take some time to tomorrow (if possible) to finalize so we can have a complete updated version for managers to review early next week.

Note that when I pasted Jenny's pesticide section in, track changes were lost so I'm also appending the most recent track changes version if you are interested in seeing the history.

I'm out tomorrow but will be back on Monday.
